

New Business Help 2

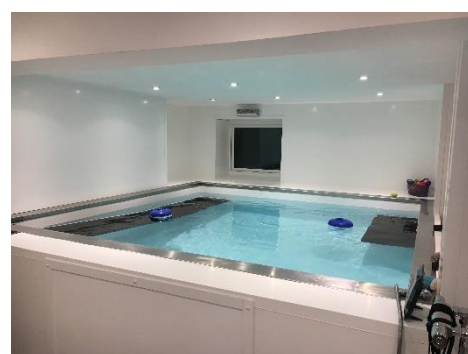

Westcoast's Site Visit

Need some help with your hydrotherapy plans? Why not book a site visit with our Project Manager!

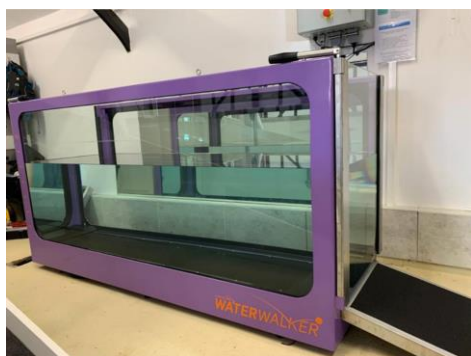

If you are renting a building, it is **important** that before our project manager comes and does a site visit for you, and that you discuss the building appraisal document with your landlord.

Our site visits include:

- Our project manager visiting your location. This can be your home, your new premises or even an old premise that you are looking set up hydrotherapy in.
- Talking about your needs / wants.
- Helping you to design your hydrotherapy layout.
- Works out the best layout for the equipment.
- Once he returns to the office, he will do some floor plan drawings for you, which will allow you to see the equipment in place.
- If we could offer a word of advice many of our customers that are renting / leasing a building set up a deal with the landlord whereby they (the tenant) carry out the upgrades to the building in exchange for a free rent-free period say 3 months. This is so that you can get the building how you want it!

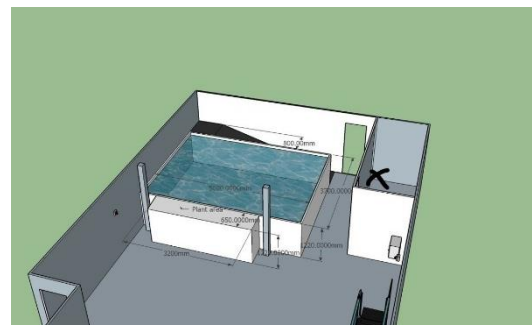

Eden Hydrotherapy Pool

Water Walker V3 Extended

Our site visits cost £250 + vat. This amount is then fully refundable when you place your order with us.
